

# Airea

acoustic pods

## Technical Specification Document

### **Full statement of line including options, finishes and colour choices.**

Fixed partition rooms require project planning, co-ordination, external building trades and permanent connections into the building, which all incur cost and when you need to reconfigure, disruption and landfill waste.

Airea is the original acoustic pod re-engineered and with our second generation product we have changed everything and nothing. Cove seating and screens can be integrated inside Airea to create separate working areas.

Based on Airea - 110

 <p>AIREA - 100</p> <p>Half round pod</p>	 <p>AIREA - 110</p> <p>Round pod</p>	 <p>AIREA - 120</p> <p>Half round/half square pod</p>	 <p>AIREA - 130</p> <p>Small lozenge</p>	 <p>AIREA - 140</p> <p>Large lozenge</p>	 <p>AIREA - 150</p> <p>Small presentation/meeting pod</p>	 <p>AIREA - 160</p> <p>Medium presentation/meeting pod</p>	 <p>AIREA - 170</p> <p>Large presentation/meeting pod</p>

**Screen/Door Colour Options - Acrylic**

All above colours are available for download by clicking here.

N.B. All white board options are supplied as white acrylic.

**Branding and Manifestation Options**

-  Barcode visibility Strip (2 per panel)
-  Barcode Full Screen
-  Dots Full Screen

**Additional Accessories**

**Table / Shelf Options - melamine** (25mm melamine faced MDF)

**Power / Data Options**

CAT 5 / CAT 6

N.B. Cove seating and tables can be integrated into Airea pods. The integration of Cove units into Airea requires changes to the screen panel frames. This change is subject to an upcharge cost. Cove seating, shelves and tables fitted into Airea pods can not be located against certain screens and they require slotted upright posts. Layout plans must be supplied to customer services on ordering. Optional manifestation prices available on request.
